Job Description

We are looking for a highly motivated and dedicated entry-level software developer to join our team. This is a remote opportunity. During probation, you will be paid Rs 10,000/20,000 per month based on your qualifications and skills. Upon successful completion of probation, there will be the potential for full-time employment with a salary of Rs 30,000 per month, as well as opportunities for profit sharing on projects you work on.

Responsibilities include:
- Writing code and contributing to the development of software applications
- Participating in code reviews to ensure that the code adheres to best practices and standards
- Learning new technologies and programming languages through mentorship and training
- Participating in project planning and management
- Troubleshooting and debugging code
- Documenting code and processes

The ideal candidate will possess:
- A strong desire to learn and grow as a software developer
- Strong problem-solving skills and attention to detail
- Good communication skills and ability to work well in a team
- Availability to work full-time
- Their own machine to work on

This is an excellent opportunity to gain hands-on experience working on real-world projects and to learn from experienced professionals in the industry. We will provide on the job training and mentoring to help you grow your skills and build your professional portfolio.

We welcome recent graduates, career changers, or individuals with a gap in their employment history to apply.

Please note that this is a remote work-from-home opportunity and your own machine is a requirement for the role.

Codes Operandi

Assignment

The objective of the test is to replicate the attached target image using HTML/CSS.

To complete the test, you will need to create an account on codepen.io and develop the image in HTML/CSS only on a 'pen'. Please ensure that the pen is set to public. Once you have completed the test, please reply to this email with the link to the pen.

Please note that the test is a mandatory requirement for the interview process. We appreciate your time and effort in completing the test, and we look forward to receiving your submission.
